[Redacted]  
STAT  
We have incorporated some of your latest revisions. Please note that we would prefer to proceed to work off the enclosed draft. We believe that paragraphs 4 and 5 are particularly important from the Committee's perspective, and that the Committee will want an explanation if the DCI decides that either of these are unacceptable. I would like to have the draft before the Members at the full Committee budget mark-up scheduled for Wednesday morning.

  
Gary M. Chase

cc: Stan Sporkin
